

Virtual Book Reading Sessions

With Dr. Kiran Bedi

The Virtual Book Reading Session envisaged by Dr Kiran Bedi; is an initiative to inspire young minds by real life stories. While inculcating the habit of reading, it also ingrains in every participant - values of strong character and nation building.

These are magical evenings where Megaicon Dr Kiran Bedi - dedicates an hour exclusively for 7 children on an Interactive platform. The Live Streaming on multiple platforms takes its visibility across a larger virtual audience globally. Under her mentoring and guidance , this program aims to nurture children and nourish their minds, energies towards being responsible citizens and most importantly happy human beings.

Join us to be part of an interactive Book Reading Session with India's first woman IPS Officer, Author, Ramon Magsaysay Awardee, Asian Tennis Champion, and currently the Lt. Governor of Puducherry ---Dr. Kiran Bedi. Let's liven up these pandemic times by investing into our children through weekly virtual & illustrative story-reading sessions where she imparts her hard-earned experiential learnings and with myriad learnings and learners, participants and viewers from all around the world.

All Fridays | 5 PM
